

Export settings

The screenshot shows the 'CAD REPORTING' interface for user 'Jos Stals'. The left sidebar contains navigation options: 'Koenen', 'Manage', 'Project views', 'Sheating by panels', 'Profiles by panels', 'Electrical symbols', and 'Advanced export'. The main content area is titled 'PDF EXPORT SETTINGS' and includes the following sections:

- Template header title:** A text input field containing 'Cad Serviceburo'.
- Template header text:** A text area containing 'Rondstraat 37' and '3640 KINROOI'.
- Paper:** Radio buttons for portrait and landscape orientation, and a selection of paper sizes: A3, A4 (selected), A5, and LETTER.
- Scale:** A selection of scale options: 1:1, 1:2, 1:3, 1:4, and 1:5 (selected).
- What do you want to see in the report:** Three checked toggle switches for 'Show project title in header', 'Show view title in header', and 'Show filter in footer'.
- Sustainability:** Two toggle switches: 'Remove page breaks in export' (checked) and 'Don't use colors in optimisation' (unchecked).
- Your logo:** A placeholder image of a house and a 'Select your logo' button.

- Company name
- Company adress
- Paper direction
- Paper size
- Scale
